New Medical 6 Watt Wall Mount Switchers

Advanced Power Solutions (APS) announces the release of the GMPU06 series of Medical Approved approved wall mount switching power supplies available in North American / European / Australian and UK wall plug packages.

The GMPU06 series consists of 5 wall mount packages used around the globe, all with Universal AC input of 90-264 VAC. The series offers 6 watts of output power with single output voltage setpoints for any voltage ranging from 5~24VDC. These tiny power supplies are all Level 5 Compliant for Green applications with high efficiencies and Low Standby Power Consumption. APS can integrate your choice of DC connector without any minimum order requirements. All models feature EN61000-3-2 compliance; Class B Emissions; RoHS Compliance; 0-40°C Full Load Operation; Over Voltage Protection; and Over Current Protection. All models are safety approved UL:EN60601-1:2005, CSA: C22.2 NO.60601-1:2008, EN60601-1:2006, CE Mark (LVD) and backed by a 2 year warranty.

Products are in full production with evaluation quantities available from stock and production quantities delivered in 8 weeks. Units are priced as low as \$9 in OEM quantities. Complete specifications are available from <http://www.advpower.com/medical-approved-power-supplies.html>. Contact APS at (925) 456-9890 or sales@advpower.com for sales & technical support.
