50 Watt Desktop Switcher for both ITE & Medical Applications

Advanced Power Solutions (APS) announces the release of the cost-optimized APS56EMG series of 50 Watt External Desktop Switchers compliant with Level VI efficiency standards approved for both ITE & Medical applications.

The APS56EMG Series offers outputs ranging from 5 ~ 48 VDC with custom voltage setpoints upon request. Two versions are available with IEC-320 C8 (Class II) Safety) or C14 (Class I) inlets. All models feature Universal AC Inputs; High efficiency operation up to 92%; <0.16W no load power operation; Small 4.33 x 2.28 x 1.27 international desktop package; Class B Emissions; No Load power <0.16W; High Efficiency Operation up to 92%; Over-Current Protection; and Over Voltage Protection. All models are safety approved IEC60950-1 & IEC60601-1 standards and are backed by a 2 year warranty.

Products are in full production with evaluation quantities available from stock and production quantities delivered in 8 weeks. Units are priced as low as \$41 in OEM quantities. Complete specifications are available from <http://www.advpower.com>. Contact APS at (925) 456-9890 or sales@advpower.com for sales & technical support.
